

# The Jews of Silence

A blazing report that goes behind the Iron Curtain to tell the truth about anti-Semitism in Russia today. Novelist Elie Wiesel speaks to Jews in the streets, in their synagogues and homes. He tells a story of overriding fear, of discrimination made more ominous by the Arab-Israeli hostilities of a subtle persecution that strikes at the living heart of Jewry. These are their voices...the forgotten Jews of Russia as they tell of their fear, their despair, and their hope.
