

Unsung Hero: Tom Crean - Antarctic Survivor

(from the dust jacket) Exploration in Antarctica has produced many epic stories of endurance and survival. Tom Crean ran away from home as a youth and became one of the most indestructible heroes in Antarctic exploration. He played a central role in the dramatic events on three out of four British expeditions in the Heroic Age of Polar exploration. He served Scott and Shackleton -- both bitter rivals -- and outlived them both. An Unsung Hero reveals how he volunteered for Polar exploration, was one of the last to see Scott alive before his ill-fated expedition reached the South Pole, and how he returned to bury him in the snow months later. Tom Crean played a leading role in Shackleton's legendary Endurance expedition, sailing the small open James Caird across the violent Southern Ocean, and in the historic crossing of South Georgia's glaciers.
