

You Will See Fire: A Search for Justice in Kenya

A nonfiction mystery dwelling on timeless themes: an individuals stand against corruption, the complexity of the human heart. Whether gunning down a warthog, raising the beams hed hewn himself for a new church, or standing up for landless refugees and abused girls, Father John Kaiser was a figure larger than life. He was fierce in his commitments, devoted to the poor and displaced, and fearless what some would call reckless in the pursuit of justice. For this he was beloved by his parishioners, seen as a loose cannon by his superiors in the church, and despised by Kenyas strongmen under the tyrannical leadership of Daniel arap Moi. When Kaiser was discovered dead on a remote roadside in the bush, the FBI ruled it a suicide. Kenyans were sure hed been murdered. In a new Kenya, post-Moi, it would fall to Charles Mbuthi Gathenji, a prominent dissident and the son of a man himself murdered for his beliefs, to find out what really happened to Father John Kaiser. 8 pages of black-and-white photographs
