

Contact Lens Complications: Expert Consult - Online and Print, 3e

Effectively manage even the most challenging contact lens complications with help from *Contact Lens Complications*, 3rd Edition! Award-winning author, clinician, and researcher Professor Nathan Efron presents a thoroughly up-to-date, clinician-friendly guide to identifying, understanding, and managing ocular response to contact lens wear. Evaluate and manage patients efficiently with an organization that parallels your clinical decision making, arranging complications logically by tissue pathologies. Turn to the lavish illustrations and full-color schematic diagrams for a quick visual understanding of the causes and remedies for contact lens complications. Stay up to date with the latest advances and concepts in contact-lens-related ocular pathology, including findings from the Dry Eye Workshop (DEWS), the International Workshop on Meibomian Gland Dysfunction, a new approach to corneal inflammatory events and microbial keratitis, and new instrumentation and techniques for anterior eye examination. Find information quickly with the updated *Complications Quick-Find Index* at the beginning of the book - both a valuable aid to formulating a rapid diagnosis and treatment plan, and a useful study tool for examinations. Consult the most comprehensive and widely-used grading system available, as well as 350 new references that reflect an evidence-based approach, and dozens of superb new illustrations that help you instantly recognize clinical signs. Access the complete contents online at www.expertconsult.com, as well as a downloadable image gallery, redesigned grading morphs, and upgraded self-help grading tutor programs that help you assess condition severity. Identify, understand, and manage contact lens complications in modern-day practice.
