

## Betting and Gambling (Classic Reprint)

Excerpt from Betting and Gambling There is a large number of pamphlets, tracts, and sermons published on the subject with which this book deals but, from their limited size, such are not able to deal very comprehensively with the many aspects of the question which present themselves. There are also a few scientific books dealing with the laws of chance, but the very limited sale that these have obtained, shows that there is still something wanting in the form of a book which aims at the same time at being both comprehensive and popular. If this one is the means of helping any to take the right side in contending against one of the greatest evils of this age, the object of the writer will have been attained. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
