

The Visitation of Suffolke, Vol. 1: With Additions From Family Documents, Original Wills, Jermyn, Davy, and Other Mss;, &C (Classic Reprint)

Excerpt from The Visitation of Suffolke, Vol. 1: With Additions From Family Documents, Original Wills, Jermyn, Davy, and Other Mss;, &C The earliest known Visitation of the County of Suffolk, is that made by William Hervey or Harvey, Clarendieux King of Arms, by virtue of a commission to visit his province, dated 5 and 6 Philip and Mary, and is now for the first time printed. A folio volume, in the library of the College of Arms, marked G. 7. has been considered by the best authorities to be the original Visitation. The descents in this volume are given narratively, that is, as they would be taken down from the mouth of informants, but not reduced to the form of genealogical tables; and the arms tricked in a very bold style. It bears the following title: -The Visitacon off Suffolke, made by Wyllyam Heruye, esquyre, otherwyse called Clarenciulx, principall herald and Kinge of Armes of the South, East, and West Parties of Englund, from the ryver of Trent sowthwarde, begon the xvij?? daye of July, An? 1561, and the third yere of Queene Elizabeth. But little is known of Hervey, no pedigree of his family having been recorded in the College of Arms. He was, it is believed, a native of Suffolk, and was made Bluemantle Pursuivant by patent, dated 18 June, 1544; and thence promoted to the office of Somerset Herald, by patent, 19 Dec. 1545; afterwards became Norroy King of Arms, by patent, 4 Feb., 1550; and ultimately, Clarendieux King of Arms, by patent, 6 Sept., 1557. He died 27 February, 1566, leaving behind him the reputation of a learned and laborious genealogist. The next Visitation was that by Robert Cooke, Clarendieux, in 1577, of which the original is in the library of the College of Arms, and copies in the British Museum (Harl. MSS., 891, 1560). About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a

reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
