

Monty Pythons Flying Circus, Episodes 1-26: An Utterly Complete, Thoroughly Unillustrated, Absolutely Unauthorized Guide to Possibly All the References from Two Sheds Jackson to Zambesi, Vol. 1

In 1969, the BBC aired the first episode of a new comedy series titled Monty Pythons Flying Circus, and the rest, as they say, is history. An instant success, the show ran until 1974, producing a total of 45 episodes. Despite the shows very English humor and allusions to many things British, the series developed a cult following outside the United Kingdom, particularly in the United States. Known for its outrageous humor, occasionally controversial content, and often silly spirit, Monty Pythons Flying Circus poked fun at nearly all institutions domestic or foreign, grand or intimate, sacred or not. Indeed, many of the allusions and references in the program were uniquely British and routinely obscure, and therefore not always understood or even noticed outside the British Isles. This exhaustive reference identifies and explains the plethora of cultural, historical, and topical allusions of this landmark series. In this volume, virtually every allusion and reference that appeared in episodes from the last two seasons whether stated by a character, depicted in the mise-en-scene, or mentioned in the printed script is identified and explained. Organized chronologically by episode, each entry is listed alphabetically, indicates what sketch it appeared in, and is cross-referenced between episodes. Entries cover literary and metaphoric allusions, symbolisms, names, peoples, and places as well as myriad social, cultural, and historical elements (photos, songs, slogans, caricatures) that populate and inform these episodes. See volume 2 for the third and fourth seasons (episodes 27-45). Volume 1 Entries Include: Arabella Plunkett Group of famous characters from famous paintings Hells Grannies Kandinsky Spanish Inquisition total cashectomy Two-Sheds Vicar sitting thin and unhappy in a pot Whats all this then? Raymond Baxter type
