

Beyond a Peanut: Is This Safe?

Beyond A Peanut - Food Allergy Awareness Flashcards teach children and those who provide care for them how to stay safe with peanut and tree nut allergies. These cards teach children, their extended families, friends, coaches, camp councilors, schools, and childcare providers on the principles necessary to provide a safe environment. Beyond a Peanut - Food Allergy Awareness Cards incorporates comprehensive safety information, and delivers it in an easy to learn format. The cards have colorful eye catching information on the front for children and comprehensive safety information on the back. The flashcards introduce cross contamination, the importance of label reading and always carrying emergency medication. While many of these flashcards are specific to nut allergies, they have proven to raise the awareness and understanding of all food allergies.
