

# Type 1 Sociopath: When Difficult People Are More Than Just Difficult People

There are people in YOUR life right now camouflaged around you who have no conscience. They are undercover sociopaths who rarely do anything illegal, but who take great secret pleasure in hurting or inconveniencing you. The Type 1 Sociopath in Your life could be:

The person bullying you in your family, at work or at school  
The bully in your child's life  
Your lover who fibs and whom you suspect is cheating on you  
Your friend or co-worker who steals your ideas or gossips behind your back  
The church leader who breaks personal boundaries and uses religion as a weapon

Your friend or family member who comes around only when they need something  
Your boss or teacher who seems to love belittling you  
Your therapist or friend whom you always feel stupid, unattractive or unworthy around  
Are You a Victim?  
Are you a kind, empathic person who likes to see everyone around you happy? Are you a giver? Are you a team player? Do you sometimes feel guilty for having to say no when you cannot do something for someone? Do you place the needs of others before your needs? Do you find yourself in relationships filled with codependency? Do you have a positive attitude believing there are no competitors, only collaborators? Are you a caregiver who always finds yourself caregiving for others? Do you believe there's room at the top for everyone? Would you consider yourself a peace keeper, problem solver, and a positive person? Are you a Jesus follower or a part of any religion that teaches to forgive those who have betrayed you many times over again and to treat others as you want to be treated? If so, you are a playground for sociopaths. By reading this book, you will discover:

What most psychologists won't tell you

What most Christians and other religions do not know and should

How to protect yourself and your children
