

Shifting Sands and Solid Rock: Religious Life in a Changing World

Pope Francis, writing a Letter to all Consecrated People, as a brother who, like yourselves, is consecrated to God, proclaimed the Year of Consecrated Life and outlined three main aims and five expectations for this special year. In this book, these aims and expectations have been reflected upon and woven into the text with their graces, invitations and challenges. Firstly, in looking to the past with gratitude, Sr Patricia draws our attention to the last fifty years in particular. With her emphasis on Jubilee, she emphasises gratitude and joy for the journey that has taken us to where we are now. In so doing, remembering and recounting our history preserves our identity, for strengthening our unity as a family and our common sense of belonging. The call to live the present with passion is presented by the author as the greatest challenge because it is the perennial challenge of the Gospel. As Pope Francis says: The Gospel is demanding: it demands to be lived radically and sincerely. This is a twofold challenge to a personal and passionate love for Jesus and a reaching out to others with the love of his heart. Therefore the call to mysticism and prophecy is emphasised. Finally, to embrace the future with hope, invites us to allow the Holy Spirit to spur us on so that he can do great things with us. This book will ask questions, pose challenges and invite us to constantly set out anew, with trust in the Lord so that we may wake up the world and be witnesses to the joy of the Gospel. Patricia Jordan is a Franciscan Sister Minoress. Graduating from Liverpool University with a B.Ed.
