

Surviving A Global Disaster: A Practical Guide

A guide for the average Joe who isn't prepared for an end of the world disaster. A step by step guide on what to do, when to do it, and how to survive, not just you, but your family as well. Not everyone has a stockpile of food in an underground bunker in their backyard. This guide will help you create a plan to survive as well as give you some valuable information on important issues such as protection, food, water, and the mental well being of you and your children.
