

The Ministry of Lament: Caring for the Bereaved

For pastors and congregations, caring for those who are grieving is a very important but difficult job. Gene Fowler believes that the church needs a theological understanding of bereavement that can inform the ministry of caring for grieving people. The heart of *The Ministry of Lament* addresses the relationship between bereavement and the Christian faith in the service of caring ministry. Throughout the book, Fowler brings the psalms of lament into dialogue with a contemporary understanding of mourning so that the entire grief process can be addressed theologically.
