

Two Weeks: A True Haunting: A Familys True Haunting (True Hauntings) (Volume 4)

Do you believe in ghosts? Neither did Lauras family...until they moved into the old farm house in the country. The old house on the outskirts of town was the perfect fit for Laura and her large family. With plenty of bedrooms for everyone, a big yard, and the best climbing tree theyd ever seen, she and her sisters couldnt wait to get moved in. It didnt take long for the house to reveal its secrets. The entire family was targeted as something evil lurked between the walls and threatened to tear them apart. In the two weeks the family lived in the house they battled physical attacks from unseen assailants, spiritual attacks on their articles of devotion throughout the house, and even demonic possession. And then, of course, there was the thing in the basement-the thing that nobody wanted to talk about. Was the house reliving its torrid past or are some houses just born evil? Lauras family was about to find out in the worst way! In this incredible true story of a family living a horrible nightmare in central Kentucky, if you werent a believer in the paranormal before, you might just change your mind.
