

Thomas Jefferson: A Character Sketch (Classic Reprint)

Excerpt from Thomas Jefferson: A Character Sketch No golden eagle, warm from the stamping press of the mint, is more sharply impressed with its image and superscription than was the formative period of our government by the genius and personality of Thomas Jefferson. Standing on the threshold of the nineteenth century, no one who attempted to peer down the shadowy vista, saw more clearly than he the possibilities, the perils, the pitfalls and the achievements that were within the grasp of the Nation. None was inspired by purer patriotism. None was more sagacious, wise and prudent, and none understood his countrymen better. By birth an aristocrat, by nature he was a democrat. The most learned man that ever sat in the presidents chair, his tastes were the simple ones of a farmer. Surrounded by the pomp and ceremony of Washington and Adams courts, his dress was homely. He despised titles, and preferred severe plainness of speech and the sober garb of the Quakers. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
