

# Financial Statistics No 521 September 2005

Financial Statistics is a monetary compendium of the UK's key financial and monetary statistics. Published monthly, it contains data on public sector finance, including central government revenue and expenditure, money supply and credit, banks and building societies, interest and exchange rates, financial accounts, capital issues, balance sheets and balance of payments. A subscription to Financial Statistics includes Financial Statistics Explanatory Handbook (annual), which provides the definitive background on all aspects of the data published in Financial Statistics.
