

## How to Teach Ascension Classes (Ascension Series, Book 12) (Easy-To-Read Encyclopedia of the Spiritual Path)

This book serves as an ideal foundation for teaching ascension classes and doing workshops. The inner-plane ascended masters have guided Dr. Stone to put together this book, using his Easy-to-Read Encyclopedia of the Spiritual Path as its foundation. Here you will find an entire one- to two-year program of classes for teaching from one to hundreds of student initiates. Teaching or setting up a class in your home to facilitate ascension realization is one of the most important services one could offer ones friends, students, and even family. With this book it is easy. Details on how to start and end every class are given, as well as outlines for 132 classes. Also included are suggestions on how to observe the major holy days that the inner-plane ascended masters would like us to celebrate on Earth. Using his teaching experience, Dr. Stone has outlined all the logistical and third-dimensional considerations that will come up. The only tools a class leader needs are books and meditation tapes.
